CERTIFICATIONS

MERN Stack Development
Course – Learned full-stack web
development using MongoDB,
Express.js, React.js, and Node.js.

PROFILE

Enthusiastic and detail-oriented MERN Stack Developer with hands-on academic and project experience in developing full-stack web applications using MongoDB, Express.js, React.js, and Node.js. Strong understanding of RESTful APIs and responsive design.

PROJECTS

Institute Management system [Link](#)

- Developed an Institute Management System using MERN stack
- Managed student, faculty, and course records with CRUD operations
- Implemented role-based authentication (Admin, Teacher, Student)
- Built a responsive dashboard with secure REST API integration

Hospital Management system [Link](#)

- Developed a web-based hospital management system to manage patients, doctors, and appointments efficiently.
- Implemented CRUD operations using Express.js and MongoDB for dynamic data handling.
- Designed responsive and user-friendly UI with EJS templates and Bootstrap.
- Ensured smooth data flow between front-end and database for real-time updates.

Notebook Management system [Link](#)

- Built a Notebook Management System using MERN stack (MongoDB, Express, React, Node)
- Implemented user authentication with secure login & signup
- Added CRUD functionality to create, update, delete, and manage notes
- Designed a responsive React UI with RESTful API integration

EDUCATION

Bachelor of Computer Applications

2022 - 2025

Institute of Management And Research, jalgaon
